Rock Salt

Torikizoku has been researching and developing salt that pairs perfectly with yakitori. Rock salt has been used since May 2023 to better highlight the natural flavor of the ingredients. This brings out the umami of the chicken, making the taste of the ingredients itself stand out more clearly.

Sauce

The sauce used at Torikizoku has been passed down since the company's founding, carrying a traditional flavor. It is made by slowly simmered chicken together with carefully selected vegetables and fruits, drawing out a natural sweetness and a deep umami. Packed with years of refinement and attention to detail, this sauce brings out the aroma of the yakitori even more, creating an experience unique to Torikizoku.

Spice

An original spice blend made with onion, black pepper, and a mix of select spices.
